## Home Alone at The McCallister House

Every holiday, *Home Alone* fans of all ages tune in to revisit the beautiful home of Kevin McCallister and his family. Released in 1990, the movie became a timeless classic and one of the highest-grossing comedies ever. With most of the story taking place inside or around the house, this big, cozy home is the perfect setting for rib-cracking laughs and stunts, skillfully orchestrated by an 8-year-old protagonist armed with paint cans, firecrackers and a pet tarantula on the loose.

A replica of the house was built in an old Chicago high school-turned-production office for all interior shots. Decorated in warm red and green tones everywhere, from walls, carpets, pots and pans to the scary furnace in the basement, everything screams the holidays.

## Seul à la maison des McCallister

Chaque année pendant les fêtes, les amateurs de *Maman, j'ai raté l'avion !* de tous âges s'installent devant la télévision pour revoir la superbe maison de Kevin McCallister et de sa famille. Sorti en 1990, le film est devenu un classique intemporel et l'une des comédies les plus lucratives de tous les temps. La majeure partie de l'histoire se déroulant à l'intérieur ou autour de la maison, cette grande et confortable demeure est le cadre parfait pour des cascades burlesques, savamment orchestrées par un protagoniste de 8 ans armé de pots de peinture, de pétards et d'une tarantule en liberté.

Une réplique de la maison a été construite dans une école secondaire abandonnée de Chicago, transformée en bureau de production pour filmer toutes les scènes se passant à l'intérieur. Avec les tons rouges et verts ornant presque toutes les surfaces – les murs, les tapis, la batterie de cuisine jusqu'à l'effrayante chaudière au sous-sol – tout rappelle le temps des fêtes, le temps des fêtes.

## La casa de los McCallister en *Mi pobre angelito*

Cada Navidad, fans grandes y chicos de *Mi pobre angelito* vuelven a visitar la hermosa casa de Kevin McCallister y su familia. Estrenada en 1990, la película se convirtió en un clásico atemporal y es una de las comedias más taquilleras de la historia. Este enorme y acogedor hogar, en el que tiene lugar la mayor parte de la historia (ya sea en su interior o en sus alrededores), es un escenario perfecto para las situaciones más graciosas y las acrobacias más disparatadas, hábilmente orquestadas por un protagonista de 8 años armado con latas de pintura, fuegos artificiales y una tarántula doméstica escapada de su terrario.

Todas las tomas interiores se grabaron en una réplica de la casa construida en una vieja escuela secundaria de Chicago convertida en oficina de producción. Con cálidos tonos rojos y verdes por todos lados, desde las paredes, las alfombras, las ollas y los sartenes hasta la aterradora caldera del sótano, todo gira en torno a la Navidad.

## Deck the halls with booby traps

Contrary to what the rest of the family gives Kevin credit for, he is one savvy kid. With everyone else gone, he rises to the occasion and spares no efforts as he defends his home from two ill-tempered, extremely persistent robbers, 'The Wet Bandits' and, ultimately, finds the true meaning of Christmas.

Retrace Kevin's ingenious battle plan as you build and recreate your favorite scenes and stunts from the movie.

### FUNCTIONS

Lift the roof and split the walls down the middle to open sideways and reveal the complete interior. Each floor is modular and lets you access any part of the house.

## Les dindons de la farce

Contrairement à ce que le reste de la famille pense de lui, Kevin est un garçon brillant. Seul à la maison, il se montre à la hauteur de la situation et ne ménage pas ses efforts pour défendre sa maison contre deux cambrioleurs grincheux et extrêmement obstinés, « les casseurs flotteurs ». En fin de compte, il découvre le véritable sens de Noël.

Retracez le plan de bataille ingénieux de Kevin durant la construction et recréez vos scènes et cascades du film préférées.

### FONCTIONS

Soulevez le toit et divisez les murs par le milieu pour ouvrir le modèle latéralement et révéler l'intérieur au complet. Chaque étage est modulaire, ce qui vous permet d'accéder à n'importe quelle partie de la maison.

## Una trampa en cada rincón

Contrario a lo que piensa de Kevin el resto de su familia, es un niño muy astuto. Cuando todos desaparecen, se pone a la altura de las circunstancias y no escatima esfuerzos para defender su casa de dos malhumorados y extremadamente persistentes ladrones, Los Bandidos Mojados, para, en última instancia, descubrir el verdadero significado de la Navidad.

Rememora el ingenioso plan de batalla de Kevin mientras construyes y recreas tus escenas y acrobacias favoritas de la película.

### FUNCIONES

Levanta el techo y divide las paredes por la mitad para abrir la casa por los costados y descubrir el interior completo. Los pisos son modulares y te permiten acceder a cualquier parte de la casa.

## Meet Alex Storozhuk

LEGO® Ideas fan designer Alex Storozhuk lives in Ukraine with his wife, Nadia, and their daughter, Anna. He's studying for a PhD in medicine while working remotely for a freight brokerage company. The family loves going on road trips and building LEGO sets together. Like many other kids of the 90s, Alex grew up watching *Home Alone* during the holidays.

"*Home Alone* has a very special place in my heart. I can't even imagine the holidays without it. It's delightfully nostalgic and brings back warm childhood memories every time I watch it. Last Christmas, Nadia and I were watching it and I thought 'Why is there no LEGO *Home Alone* set? I was thrilled by the amount of Easter eggs, details and traps from the movie I could include in a model. I found the McCallisters' house blueprint online, used that and the movie as references and built the model in LEGO Digital Designer and later in Studio 2.0. It took a few weeks to complete rendering. I wanted to get it as close to the original plan as possible, and to scale. The second floor was the biggest challenge! But I really like the kitchen and, of course, Kevin's treehouse and zip line. I think it turned out to be pretty recognizable."

## Rencontre avec Alex Storozhuk

Concepteur amateur de LEGO® Ideas, Alex Storozhuk vit en Ukraine avec sa femme, Nadia, et leur fille, Anna. Il prépare un doctorat en médecine tout en travaillant à distance pour une entreprise de courtage de fret. La famille adore faire des voyages en voiture et construire des ensembles LEGO. Comme bien d'autres enfants des années 1990, Alex a grandi en regardant *Maman, j'ai raté l'avion !* chaque année pendant les fêtes.

## Conoce a Alex Storozhuk

El fan diseñador de LEGO® Ideas Alex Storozhuk vive en Ucrania con su esposa, Nadia, y su hija, Anna. Está estudiando un doctorado en medicina mientras trabaja a distancia para una empresa de transporte de mercancías. A la familia le encanta hacer viajes por carretera y construir juntos sets LEGO. Como muchos otros niños de los 90, Alex creció viendo *Mi pobre angelito* cada Navidad.

« *Maman, j'ai raté l'avion !* occupe une place importante dans mon cœur. Je n'ose même pas imaginer le temps des fêtes sans ce film. Il est délicieusement nostalgique et fait ressurgir de bons souvenirs de mon enfance chaque fois que je le regarde. À Noël dernier, Nadia et moi regardions le film quand je me suis demandé : « Pourquoi n'y a-t-il pas d'ensemble LEGO pour *Maman, j'ai raté l'avion !* ? » J'ai été comblé par la quantité d'œufs de Pâques, de détails et de pièges du film que je pouvais inclure dans

un modèle. J'ai trouvé le plan de la maison des McCallister sur Internet, utilisé le plan et le film comme références et construit le modèle dans LEGO Digital Designer, puis dans Studio 2.0. Il m'a fallu quelques semaines pourachever le modèle. Je voulais qu'il soit aussi proche du plan original que possible, et à l'échelle. Le deuxième étage a été le plus grand défi ! Mais j'aime beaucoup la cuisine et, bien sûr, la cabane dans l'arbre et la tyrolienne de Kevin. Je crois que le résultat final est très ressemblant. »

“Mi pobre angelito tiene un lugar muy especial en mi corazón. Ni siquiera puedo imaginarme la Navidad sin esa película. Es encantadoramente nostálgica y mi cabeza se llena de cálidos recuerdos de la infancia cada vez que la veo. En la última Navidad, Nadia y yo la estábamos viendo y pensó: ‘¿Por qué no hay un set LEGO de Mi pobre angelito?’ Me entusiasmó la cantidad de sorpresas ocultas, detalles y trampas de la película que podría incluir en el modelo. Encontré el plano de

la casa de los McCallister en Internet y lo usé junto con la película como referencia para construir el modelo en LEGO Digital Designer y, después, en Studio 2.0. La representación completa tomó varias semanas. Quería que se ajustara al máximo al plano original, manteniendo la escala. ¡Lo más difícil fue el segundo piso! Me gusta mucho la cocina y, por supuesto, la casa del árbol de Kevin, con la tirolesa. Creo que resultó ser muy reconocible”.

## The LEGO® battle plan designers

"Alex did a great job incorporating so many features and details in his model and showing its potential. We were able to add an additional floor, the basement, and incorporate all the cool functions in it without raising the house too much. We even added a few references from *Home Alone 2: Lost in New York*. It's such a satisfying building and play experience."

-- Antica Bracanov, LEGO® Ideas Model Designer

"Everyone in our design team is so passionate about the movie. What makes this set special is that it truly captures the essence of the movie, with iconic details and booby trap action fans will love. Alex's idea to split the house was brilliant and inspired us to make the final model as accessible as possible with the opening walls. We used new building techniques to make the walls solid and stable in any position."

-- Enrique Belmonte Beixer, LEGO Ideas Model Designer

"Step into Kevin's shoes, set up traps and release mayhem on the bandits, ride your sled down the staircase and eat ice cream for dinner! I wanted to include as many details of the house interior as possible. My favorite is Marv's head, with his funny expression on one side and the iconic iron mark on the other."

-- Kirsten Bay Nielsen, LEGO Ideas Graphic Designer

## Les concepteurs LEGO® du plan de bataille

« Alex a fait un excellent travail au niveau des caractéristiques et des détails et a bien su démontrer le potentiel du modèle. Nous avons pu ajouter un étage supplémentaire, le sous-sol, et intégrer une tonne de fonctions géniales sans trop surélever la maison. Nous avons même inclus quelques références à *Maman, j'ai encore raté l'avion et je suis perdu dans New York*. C'est une expérience de construction et de jeu des plus satisfaisantes. »

-- Antica Bracanov,  
conceptrice de modèle LEGO® Ideas

« Tous les membres de l'équipe de conception adorent le film. Ce qui rend cet ensemble spécial, c'est à quel point il saisit l'essence du film, avec des détails emblématiques et des pièges que les amateurs vont adorer. L'idée d'Alex de diviser la maison est brillante et nous a inspirés à rendre la version finale du modèle aussi accessible que possible grâce aux murs qui s'ouvrent. Nous avons utilisé de nouvelles techniques de construction pour rendre les murs solides et stables, peu importe la position. »

-- Enrique Belmonte Beixer,  
concepteur de modèles LEGO Ideas

« Mettez-vous dans la peau de Kevin, installez des pièges pour repousser les cambrioleurs, descendez l'escalier en luge et mangez de la crème glacée pour le souper ! Je voulais inclure autant de détails de l'intérieur de la maison que possible. Mon préféré est la tête de Marvin, avec son expression amusante d'un côté et l'emblématique empreinte de fer à repasser de l'autre. »

-- Kirsten Bay Nielsen, graphiste LEGO Ideas

## Los diseñadores del plan de batalla de LEGO®

"Alex hizo un trabajo excelente incorporando tantos recursos y detalles en su modelo, y demostrando su potencial. Pudimos agregar un piso más, el sótano, e incorporar en él un montón de funciones geniales sin elevar demasiado la casa. Incluso introdujimos algunas referencias a *Mi pobre angelito 2: Perdido en Nueva York*. Es una experiencia de construcción y juego realmente satisfactoria".

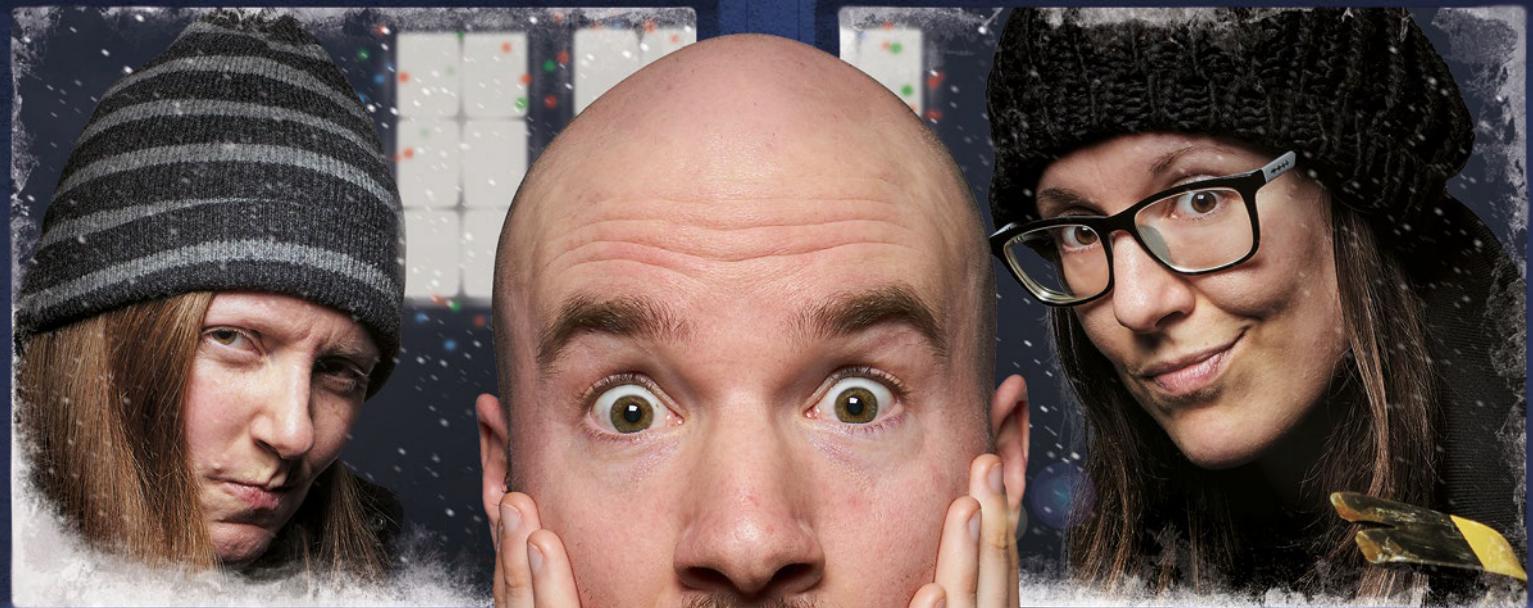

-- Antica Bracanov, modelista de LEGO® Ideas

"A todos los miembros del equipo de diseño nos apasiona la película. Lo que hace que este set sea tan especial es que capta de verdad la esencia del filme mediante detalles característicos y un montón de trampas dinámicas que encantarán a los fans. La brillante idea de Alex de dividir la casa fue lo que nos inspiró para hacer el modelo final tan accesible como fuera posible permitiendo abrir las paredes. Usamos nuevas técnicas de construcción para asegurar la firmeza y estabilidad de las paredes en todas las posiciones".

-- Enrique Belmonte Beixer, modelista de LEGO Ideas

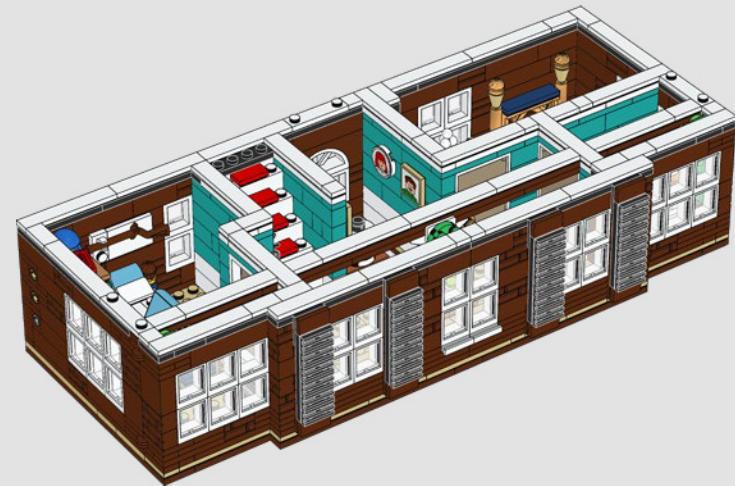

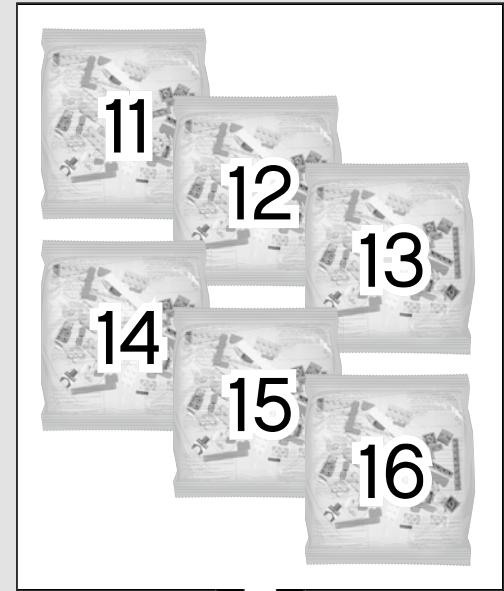

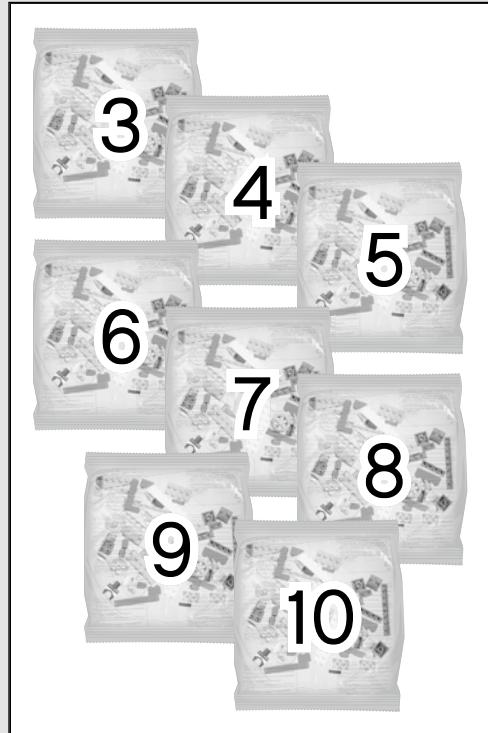

"¡Ponte en los zapatos de Kevin, coloca trampas, desata el caos sobre los bandidos, baja con tu trineo por la escalera y come helado para cenar! Quería incluir todos los detalles que pudiera del interior de la casa. Mi favorito es la cabeza de Marv, con su expresión divertida de un lado y la famosa marca de la plancha en el otro".

diseñadora gráfica de LEGO Ideas
